Hensley, Evan 2-10-81

Narrative:

On 5-25-99 I contacted Hensley who advised me that on 4-20-99 he had left the campus at about 1110 hrs to 1115 hrs with a friend (Derrick Eno). As they were parked at S. Pierce and W. Weaver they saw kids running across the street in front of CHS. They then drove up to Leawood Park and parked on W. Fair just east of the school. As they were talking to some of the students that had left the school someone told Hensley that there were "shooters in the school". Also as they were parked there the whole group of students that were standing on the west side of the park suddenly began running to the east side of the park. (Hensley later heard that this occurred because someone was shooting at them from the school.) Hensley then drove to Clements Park and stayed there for about one hour then left. While parked at both Leawood and Clements parks Hensley didn't see or hear anything in the way of shooting or explosions and figured that this was because he had his radio turned up.

Hensley didn't really know Kleboid but did know Harris because he had Harris in a first semester Economics class. During that class he did see a video made for that class by Harris that was a story about "Two hired hitmen". Hensley characterized Harris as being "weird" because of his dress and the german music that he listened to but also said that he had seen "star jocks" do some very weird things also.

No further information.

INVESTIGATION:

On June 30, 1999, at about 1300 hours, I called witness Casey Allen Hetzel to contact and interview him. Casey is a student at Columbine High School. The reason for my contacting him for an interview was in reference to the shooting that occurred on 04-20-99 at Columbine High School.

JC-001-006610

Casey Hetzel told me on 04-20-99, at approximately 0700 hours, he arrived at Columbine High School for his classes for that date. Casey said his first class began at 0730 hours and said this is a Language Arts class with Mr. Ortiz. Casey said the classroom for this Language Arts class is on the lower level at Columbine High School and he said he had to walk through the cafeteria/commons area to get to this classroom. Casey said he did not see anyone suspicious or any suspicious items while going

through the cafeteria. I asked Casey if he saw a blue duffle bag or propane tank such as the one that was later recovered in the Columbine High School cafeteria, and he said no, he had not seen them. Casey said his next class, which began at approximately 0820 hours on 04-20-99 was a woodworking class located on the upper level of Columbine High School. Casey said he only knows the teacher in this class as Mr. "A." Casey said his third hour class is a science class with the teacher named Mrs. Williams, and Casey said that after science he has a fourth hour history class with Mr. Bath.

Casey Hetzel advised me when he got out of his fourth hour history class on 04-20-99 at about 1020 hours, he went down the stairs to the cafeteria/commons area of the school where he met a friend of his by the name of John Slot. Casey said that John Slot took him and another male friend of John's (name unknown) out to lunch to the Burger King located at West Coal Mine and South Pierce Street. Casey said when they left the cafeteria, they exited Columbine High School, through the exit doors that are located just south of the "Rebel Corner" in the cafeteria/commons area. Casey said as he was getting in the car with John and this unknown male student, and as they left to drive to Coal Mine and Pierce, he did not see any suspicious people and did not recall seeing any Trench Coat Mafia students in the parking lot at that time. Casey said when he got to the Burger King at Coal Mine and Pierce, he saw a person he believes to be a Trench Coat Mafia student by the name of Brian Sargent along with approximately five to six other Trench Coat Mafia students, whose names he did not know. Casey said that these Trench Coat Mafia students were in what he described as a full size red Chevrolet Blazer. I asked Casey Hetzel what time they left the Burger King on 04-20-99 and he said he could not recall exactly what time they left, however, they did not even get served until they were approximately ten minutes late for their next class. Casey said as they were driving back to the high school, they went northbound on Pierce and as they were approaching the high school, they were blocked from getting to the school due to the police presence in the area of Columbine High School. Casey said they believed at that time there was a traffic accident so they tried to get to the school by driving through the Leawood area neighborhoods. Casey said while they were in the neighborhoods, John saw a female friend of his, who he picked up in his vehicle. Casey said he did not know this female's name, however, he said when they picked her up, she was very upset and told them that she had seen the shooting. Casey said that the female told them that she said she saw a male in white clothing with a shotgun that had been shooting in the school. Casey could provide no further information about this female or about the suspect that the female said she had seen. Casey told me that he did not fully believe what the female said about witnessing the shooting.

I asked Casey Hetzel what he knew about the Trench Coat Mafia and he said he did not know very much other than the fact that he believed that the Trench Coat Mafia students were either gay or bisexual. Casey said approximately one year prior to the shooting, he saw a male Trench Coat Mafia student who he knows to be Joe Stair kissing another male Trench Coat Mafia student in Columbine High School. Casey said other than this, he does not know about the Trench Coat Mafia other than the fact that they wear all black clothing, to include black Army boots, and said some of them wore Trench Coats off and on. Casey also said that he has seen these Trench Coat Mafia students wear white make up.

I asked Casey Hetzel if he had seen any of the "jocks" picking on or harassing the Trench Coat Mafia students. Casey said that he has seen the "jocks" call the Trench Coat Mafia students "dirt bags and stuff" in the hallways at Columbine High School. Casey said during the school year prior to the shooting, when the Trench Coat Mafia students were in his weight lifting class in gym, he had seen fights between the jocks and the Trench Coat Mafia students in the locker room.

I asked Casey Hetzel if he knew Isaiah Shoels and he said he did. I asked Casey if he had ever seen Isaiah Shoels be picked on or racially intimidated by any other students to include the jocks and/or the Trench Coat Mafia students at Columbine High School. Casey said that at no time did he see any racial intimidation by anyone toward Isaiah Shoels. Casey also advised me he has not seen any of the minority students at Columbine High School being racially intimidated by other students at the school.

I asked Casey Hetzel how his family and he had been doing since the incident on 04-20-99. Casey said that in the first few days after the shooting, he had some hard times, however, since then has been doing well as is his family. I gave him my name and phone number and asked him to call me should he or any of his other family members wish to talk with a J.C.S.O. Victim Advocate in the future. I told him I would make the necessary arrangements for him at that time.

DISPOSITION: Case remains open, pending further investigation.

Michael Hildebrandt told me on 04-20-99, he arrived at Columbine High School at approximately 0715 hours. Michael Hildebrandt said that he entered Columbine High School through the doors on the south side of the building by the math hallway. Michael Hildebrandt said his first class on 04-20-99 was a Language Arts class, which is on the upper level of Columbine High School. Michael Hildebrandt said this class lasted until 0820 hours and then he proceeded to go to his science class, which is also on the upper level of the school. Michael Hildebrandt said this class was from 0825 to 0920. Michael Hildebrandt said when he left his science class, he went to his third hour class which is a math class, and is on the upper class of the high school. Michael Hildebrandt said that this math class ended at 1015 hours. Michael told me that during the morning of 04-20-99, as he was moving between classes, he did not see any suspicious subjects nor did he see any suspicious items in Columbine High School. Michael Hildebrandt said on 04-20-99, when he exited his class at approximately 1015 hours, he exited Columbine High School by walking out of the math hall doors on the south side of the school, and said he walked home to 6805 West Polk Avenue for lunch. The Hildebrandt residence backs up to the south parking of Columbine High School and is visible from the high school. Michael Hildebrandt said while he was at his residence, and was getting ready to go back to the school, he heard at least three "loud bangs" and said he believed that an experiment in the science department at Columbine High School had blown up. Michael Hildebrandt said he then saw several people running from Columbine High School and said that several of these people came to this front door. Michael Hildebrandt said someone who had responded to his residence, told him there were people at Columbine High School shooting. Michael Hildebrandt said he advised these people to walk around to the east side of his residence and into the door there, which is a church seminary classroom. Michael Hildebrandt said he did not try to return to Columbine High School on 04-20-99 after his lunch hour had ended.

Michael Hildebrandt said he did not have much information in reference to the Trench Coat Mafia or the Trench Coat Mafia students. Michael Hildebrandt said he did not know Dylan Klebold or Eric Harris, nor did he know their names prior to the shooting on 04-20-99. He said he could recall seeing a Trench Coat Mafia student in the hallway of Columbine High School, and later learned the student's name to be Dylan Klebold by looking at Klebold's picture through the media. Michael Hildebrandt said he recalled Dylan Klebold was a white male, was more than six feet tall, and dressed in black clothing and wore a trench coat possibly. I showed Michael Hildebrandt the photographs of the duffle bag and the propane tank that were later recovered in the cafeteria of Columbine High School. Michael Hildebrandt said he did not see anybody carrying either one of these items or any items of a similar description prior to the shooting at Columbine High School. Michael Hildebrandt said he does not know

of anybody, nor has he heard rumors of anybody manufacturing explosive devices and/or possessing or selling firearms. Michael Hildebrandt said he does not know of anybody that has a double pierced eyebrow.

Michael Hildebrandt said on 04-20-99 between 0925 and 0930 hours while he was in his second hour class, he saw the "Thought of the Day" on the Rebel News Network (RNN). Michael Hildebrandt said he remembered this "Thought of the Day" to be "I bet you wish you weren't here today."

I asked Michael Hildebrandt if he knew Isaiah Shoels and he said he did. Michael Hildebrandt said Isaiah Shoels was liked very much by everyone, and said he never saw Isaiah Shoels being racially harassed or racially intimidated by the Trench Coat Mafia students or by anybody else. Michael Hildebrandt said he did not see the "jocks" harass the Trench Coat Mafia students, nor did he see the Trench Coat Mafia students harass any other people.

PROGRESS REPORT
CHS INCIDENT/CONTROL #3368
REPORT BY JACKLYN GEE (ACSO)

On 051499, this Investigator spoke to a subject identified as:

Hofer, Greg
DOB: 082580
5663 W. Maplewood Dr.
Littleton, CO 80123

Greg advised the following:

That "before the TCM thing", Greg advised that Eric (Harris) and Dylan (Klebold) were his friends, which he advised was during the 1994/1995 school year.

That Greg further advised that they (Eric and Dylan) were more normal then but as they changed their friendship drifted apart, although he was still on speaking terms with them.

That Eric was into the game "Doom" at that time and he used to buy Greg's GI Joe toys so he (Eric) could destroy them by shooting them with his B.B. gun or impale the toys with a hot paper clip then hang them around his neck with fishing line.

That Greg visited Eric and Dylan's web site about two years ago and stated that they displayed "logs" which described their activities, which included messing with people's phone lines, stealing construction signs, and using firecrackers against their enemies.

That Eric used the code name, "Reb" or "Rebel Doomer" or "Reb Doomer" and Dylan used the code name, "Vodka".

That Greg was aware that Eric and Dylan began associating with Zack Heckler, who used the code name, "Kibbz" and went on "their missions" with them.

That Greg did not know Zack personally.

That during the incident at CHS on 042099, Greg was at the New York Bagel shop on Bowles, eating lunch.

Klebold had picked or selected Rachel Scott to be with them at their table during this video productions class. Amy said she had no idea why Rachel Scott would have been targeted by the suspects on 04-20-99.

Amy told me she has not heard about anybody, nor has she heard any rumors about anybody who may be constructing explosive devices and/or possessing or buying any firearms.

SUBJECT: Matthew A. HOUCK
DOB: 06/15/84
5362 S. Holland Street

(303) 979-9501

HOUCK was interviewed at his residence at 7:30 PM on May 17, 1999. Present during the interview were his parents and his brother, Stephen HOUCK, Jr.

HOUCK was at Columbine High School on April 20, 1999. During fourth hour he had a free period, and he was outside the school building at the soccer fields with his friend Erin FLYNN. Around the end of 4th hour, they walked back to the school building, coming inside through the cafeteria doors near the teachers' lounge. He walked her upstairs via the stairway in the commons area, and down the corridor. There she met with some of her other friends, and HOUCK retraced his steps to the area of the library, where he looked for Ryan SHWAYDER and Deanna SHAFFER, with whom he was going to lunch. He did not find them, so he went back downstairs to the commons, and went outdoors via the bank of doors in the cafeteria. After a minute, SHWAYDER and SHAFFER came out through the doors by the Columbine school store, adjacent to the cafeteria. This is the area HOUCK described as "Rebel Corner". (Named after the Columbine Rebels).

HOUCK is very certain that they departed the school at 11:12 AM. He said they drove in SHWAYDER's car. HOUCK sat in the passenger side back seat, and SHAFFER was in the passenger side front seat. SHWAYDER was driving. After they left the school parking lot, HOUCK stated they went south on Pierce. They were going to the McDonalds restaurant on Coal Mine Avenue, just east of Pierce Street.

South of the school's property, and on the same side of the street (west side) there is a board fence around the back yard of a house known variously as the "Mormon house" and the

"seminary house". The fence is adjacent to the sidewalk. HOUCK recalls seeing Brooks BROWN walking southbound on the sidewalk next to that fence as they drove past. HOUCK said BROWN was "walking slow like something was on his mind". BROWN had a green backpack over his right shoulder. He was wearing a white tee shirt and blue jeans. He was not wearing a hat. HOUCK said it did not look like there was much in the backpack.

After getting their lunch at McDonalds, they drove north on Pierce as far as the traffic light at the bottom of the hill (Walker Avenue), where HOUCK recalls there was a police car blocking the street, and they were directed to turn left (west) into the neighborhood.

HOUCK said they came upon BROWN, who was "really upset". BROWN was walking east in the neighborhood, towards Pierce Street when they picked him up. HOUCK could not recall if BROWN still had his backpack when he got into the left rear seat of the Jeep. HOUCK described BROWN as "freaking out", telling them that there was a shooting at the school and that it was Eric HARRIS. BROWN said HARRIS had told him to "get out of there, and if Eric [HARRIS] says to leave, you leave".

HOUCK recalled that BROWN told them that HARRIS had recently turned 18, and that on his 18th birthday he had ordered guns, and that there was a three week waiting period, which was up on April 20th. BROWN said HARRIS was gone during 3rd and 4th hours. There was speculation that may have been when HARRIS picked up the guns.

HOUCK said BROWN directed SHWAYDER to drive to a northern part of the neighborhood, where BROWN got out of the car and looked toward the school. BROWN said all he could see were kids running.

HOUCK recalled that BROWN called the sheriff's department to tell them it was HARRIS who was involved in the shooting. He thought that BROWN was calling for a particular officer. He said that after that BROWN drove, and they went to BROWN's house. HOUCK said that while they were on their way to BROWN's, they heard on the radio that there were two suspects, and BROWN said that it was HARRIS and Dylan KLEBOLD.

HOUCK said BROWN was worried about his younger brother (Aaron BROWN); however, when they got to BROWN's residence, his brother was there.

As a part of his (freshman) English class, HOUCK was assigned to write a report about the incident. He provided me with a copy of his report, consisting of three pages typed single-spaced. HOUCK's English report is attached to this report.

HOUCK's report is consistent with his interview. In the report he goes into considerably more detail regarding the aftermath of the incident than was covered in the interview.

Danny ROHRBOUGH, who was killed in the attack was HOUCK's best friend.

HOUCK and his brother, Stephen HOUCK, Jr., told me that they had heard that Autumn HETTINGER had seen HARRIS with things under his trench coat. (This lead has been previously assigned.)

The brothers also reported that Ashley EGELAND said she saw [REDACTED] shooting. (This lead has been previously assigned.)

Stephen HOUCK, Matt HOUCK's brother, told me he was in the Choir room when they first heard shooting. He and a classmate went out into the hall, where he saw Mr. SANDERS, who had already been shot. He started toward him, but heard someone coming up the stairs and retreated back into the classroom. He said they went out through the auditorium and out the doors by the main office.

Stephen HOUCK was not interviewed in depth due to the fact that he will probably be scheduled for an interview at a later time.

JC-001-006635

Tuesday, April the 20th, 1999 started off as a really good day. I went to school feeling confident about where my life was at. I have fourth hour off, so I spent that time having a long talk with one of my friends outside; it was a gorgeous day. We left a few minutes before the bell rang so we could get back to class on time. As we went up the stairs and parted to go our separate ways, I was looking for two other friends to go out to lunch with (Ryan Shwayder and Deanna Shaffer.)

I had gone out to lunch with Ryan and Deanna on Monday for the first time, but I forgot my lunch money. Deanna paid for my lunch then; so I was looking for them so we could go out to lunch again and I could pay her back. I couldn't find them so I went downstairs suspecting they were already out the door headed toward the car. I stepped outside and couldn't find them. I waited there for a minute and suddenly, they came walking out the exit at Rebel Corner. I caught up with them quickly and we headed toward Ryan's jeep together. By the time we got to the car it was about 11.12 a.m.. We didn't notice anything suspicious about anything. We just did like before, we took our backpacks off and threw them in the back of the car and we all got in. Ryan was driving, Deanna was riding 'shotgun' and I was in the back seat behind Deanna.

We headed for the McDonalds at Coalmine and Pierce Street. On the way, I saw Brooks Brown walking south on Pierce slowly as if something was on his mind. He had his backpack with him slumped over one shoulder. Looking as if there wasn't much being carried, the bag was partly empty looking flattened a little bit. We got to McDonalds a couple minutes later and went through the drive-thru ordering the food we were craving. It didn't take us long before we were out on Coalmine avenue again.

We stopped and waited for less traffic to come through so we could get back to the school on Pierce. Suddenly, an ambulance sped by before we could get on the street. We made a comment together not even thinking it would be headed for Columbine. We got on to Pierce and headed back up north towards the school. Suddenly police officers were guiding us into the neighborhood just south of the school, the entrance at the light where the bottom of the hill is. I started to ask questions that nobody knew the answer to about what was going on. Traffic was very slow entering the neighborhood because of all the cars being pushed through there.

I saw Brooks walking again back towards Pierce from inside the neighborhood on the south side of the street. Not thinking anything of it, I stayed quiet thinking Ryan and Deanna didn't know him; but Ryan rolled down the window calling his name. At this time I didn't know if he still had his backpack or not. He ran over to the car and jumped in the back seat next to me yelling and cursing, knowing something was up. We asked him what was going on and he told us that there was a shooting at the school. As I froze in shock for a few seconds still clinching the french fries, we were told second by second ~~that he~~ knew ~~what~~ was happening.

He told us that he knew Eric Harris and that he was the one shooting. ^{what he} At the time, we thought it was only him. Later we pulled over in a northern part of the neighborhood and Brooks ran out looking towards the school from Clement Part to look if he could see anything. He told us all he saw was people running. He got back in the car giving us directions to a section of the neighborhood telling us his dad would be there shortly. We pulled over while I used Ryan's cell phone to call my Dad and tell him that I was okay.

During the conversation I find out that my brother was out and safe. Brooks then used the phone to call a specific police officer or sheriff and let him know what was happening. Brooks also told us that Eric had turned 18 about 3 weeks ago and ordered weapons on his birthday that these weapons had a three week waiting period and Tuesday was three weeks. He also told us that Eric was absent during 3rd and 4th hour, supposedly to get the weapons.

Brooks was on the phone for quite sometime while the rest of us got out of the car and lingered around. Later, Brooks' Dad showed up yelling at us to get in the car and follow him to their house. Brooks had a cord plugged in the cigarette lighter so he had to drive, leaving Ryan and me in the back seat while Deanna still rode 'shotgun.' On the way in the car we had the radio on listening as the news unfolded. We learned there was two suspects wearing black trench-coats. The first words out of Brooks' mouth were cursing and then, "Dylan! Eric and Dylan!" Deanna had started to get scared and called her Mom (after Brooks was off the phone) wondering if her friends had called to say they were all right.

We pulled up in front of Brooks' house as I looked out the window and saw my friend Denae with Brooks' little brother Aaron. I walked up to her and gave her a big hug, thankful she got out unharmed. We all went inside and the people around me were Ryan, Deanna, Brooks, Aaron, Denae, Denae's mom, Brian Rathbun, and Brooks' Dad. I used their phone to call my Mom (who was in Florida at the time) on her cell phone, but I couldn't get through. I called my Grandmother instead. I caught her up to date, and let her know that my brother and I were all right. I tried calling my brother at home and at his friends house just so I could talk to him and hear his voice, but the more I called the more nervous I got wondering if he got home okay.

While all this was happening, Brooks' Dad warned that Eric Harris lives just down the street so where we were wasn't exactly the safest place to be, but the doors were locked. Ryan decided he would take Deanna home but I had to find my own ride home after telling my dad I would be there shortly. I called home again after being told I could get a ride from Denae. I didn't get answer so I decided to stay with Denae because I didn't want to go home by myself.

Denae, her Mom, and I got in the car and went to Ken Caryl Middle School to pick up Denae's little sister Melissa. By this time, I didn't know what was going on and I didn't know if my friends were okay. We were able to get Melissa out of school as they were having a lock down because of the shooting just down the street. We took a different way home knowing Pierce would be over congested with cops and ambulances. It seemed like forever before we could even pull in a neighborhood off Bowles by Leawood, where Denae lives.

It ended up we had to park the car by a greenbelt and walk into Leawood from there. Denae's Mom called her Dad notifying him where we were so he could pick us up. He arrived after we sat for a few minutes just to take a break and to get some normal breathing in. We got over to Denae's house and as we got inside, Denae was relieved to see a couple of her friends who waited at the house for safety. I got in and the news was breaking all over local channels, across CNN and MSNBC, already realizing this is no game. It was real. It was Columbine. This was us and our school.

We watched and watched and watched, and before I realized I had to call my Dad, my eyes were glued to the screen. I called him and let him know where I was and that I was safe. He told me that my Mom was trying to get through to me from Florida and that cut our conversation short. When my Mom called I was told that two of my brother's best friends were barricaded in the choir room and that's when the tears started rolling. I had to get off the phone and call everyone whom I knew their phone numbers. A lot of my friends were okay and safe but quite a few were still missing and all I could do was panic.

We watched more news, and saw that the people in choir had escaped. They were running out of the building for dear life. I noticed there was a body lying outside where everyone ran by. I could only hope the person was okay or someone I didn't know. As I kept calling my friends I finally got word that one was out and at a friend's house who lives next to me. I wanted so badly to go home and hug her.

Traffic was so bad it would take hours to get through from Wadsworth to Leawood on Bowles. As I watched TV, seeing my friends get out, I was overcome with joy but still wondering what happened to the ones inside. Later on, we learned that people escaping were shipped on a school bus to Leawood where their parent's could pick them up. Denae, her two friends, and I decided to go over there and look for friends. I saw many with small cuts from falling to the floor and just running out of the building. I was relieved to see each and every one of them. But I couldn't find my best friend, Dan Rohrbough. I found his parent's there searching frantically for him. I hugged his Mom. I didn't want to let go. I could only hope he was just at someone's house and just couldn't call from the phone lines being tied up.

We eventually went back to Denae's house when Denae's Dad offered to take us home. He dropped Denae's friends off first, and then finally I got home without a scrape to my body. I ran in and hugged my Dad still not knowing if my brother got home safe. Neighbors came running over to see me and hug me with sighs of relief. My brother finally showed up and my Dad told us that our Mom was on the way home from Florida that night.

We kept the news on and time went by so quickly. Finally, the garage door opened and my Mom was home. We ran over to the door and she held on to us as if she let go we would be gone forever. We all shared tears and then I told Mom that Dan was missing. Later, my family went over to the neighbor's house as I stayed home waiting for a call to hear that Dan was okay. That call never came.

By this time, I also knew that my other friend from church, Cassie Bernall was missing. All I could do was pray and ask God to keep them safe. I went to bed late that night not knowing where my best friend was. The next day, I found out that Cassie was shot in the head for believing in God and Dan was shot in the back several times, and died instantly.

REFERENCE TELEPHONE INTERVIEW WITH JESSICA HOUDEK, CONTROL#3984

INVESTIGATION:

On June 14, 1999, at about 1045 hours, I telephoned Jessica Houdek at her residence, (303) 979-8260, concerning the incident that occurred at Columbine High School on 4-20-99.

Houdek said that she left school and went to the Burger King located on Pierce Street at approximately 1118 hours. Houdek stated that she went to lunch with Tamara Pollard. Houdek stated that she met Pollard at the inside stairway leading from the commons area to the library and asked her to go to lunch with her.

Houdek stated that prior to leaving the school she was in fourth period science class and had walked to the weight room and then left the school, via the main commons exit entrance way, which is located near the Rebel Corner. Houdek stated after leaving the commons area, she walked to the junior parking lot, got in her vehicle, and drove away out the south exit entrance way of the school. Houdek stated that she saw or heard nothing unusual on 4-20-99

Houdek stated that she did not know Eric Harris nor Dylan Klebold, but that she had heard of the "Trench Coat Mafia" before. Houdek described the "Trench Coat Mafia" as individuals who wore trench coats, not knowing any names.

Houdek stated that at approximately 1145 hours she came back to school, north on Pierce, when she noticed roadblocks and police activity in the area of the school, and was told by a teacher to go to the Jefferson County Public Library, where she would be safe.

DISPOSITION: Lead #3984 closed. Case open, pending further investigation.

INVESTIGATION:

On 05-24-99, I spoke with Racheal Hubbard by telephone. This lead was to determine her whereabouts during fifth period as records reflect she had this period free. During my interview with Hubbard, she told me she no longer attends Columbine High School. She stated she has attended Littleton Options since August of 1998. Hubbard said she did know Eric Harris and Dylan Klebold. She said she used to be the girlfriend of Pat MacDuffy, who used to hang with them. During the time she went to Columbine High School, 1997/1998 school term, she associated with them at school, but did not ever socialize with them after school. Hubbard said she had never been to either of these individuals' homes. She said during the time she knew them in the 197/1998 school year, she had overheard Harris and Klebold, and other members of the individuals known to be Trench Coat Mafia, talking about blowing up the school after they graduated. She never took these statements seriously, and thought it was just talk to try and impress each other.

I asked her who else had been involved in those conversations. She told me Brian Sergeant, Chris Morris, Eric Dutro, and Tad Bowles. She said during these conversations, this group never talked about killing anyone, but did complain about the "jocks" always teasing them. She said during the times they were talking about not liking the school or being teased, they never targeted any one individual in their frustration. Hubbard said she stopped hanging around with them after she broke up with MacDuffy, and developed other friends. She said they never actually spoke about building bombs or shooting guns, or anything that would lead her to believe they were planning an incident such as that which occurred on 04-20-99. Hubbard said she did not believe she would be considered part of the Trench Coat Mafia, because her association was simply a girlfriend of MacDuffy's, who was an associate with some of the individuals known to be in the organization.

JC-001- 006642

I asked Hubbard if she had anything else of interest that would help this investigation that she may have heard since the incident which occurred on 04-20-99. She said she has not spoken to very many of the Columbine students since she left in August of

Kathleen Hughes advised me that on 04-20-99, her daughter, Jessica Hughes was not in the cafeteria or library, in fact, was gone from Columbine High School during the incident. Kathleen Hughes advised me that Jessica had already been interviewed by a Denver Homicide detective, since 04-20-99. Kathleen said that when the subject of the shooting at Columbine High School is brought up to Jessica, it tends to make Jessica more upset due to the fact that she has to think about incident. Kathleen said that if possible, she would prefer that Jessica Hughes not be interviewed again unless it is absolutely necessary. Due to this fact, I advised Kathleen that I will only contact Jessica in the future if it was absolutely necessary to interview her at that time.

DISPOSITION: Open, pending further investigation.

On 6-7-99, at 1300 hours, I responded to 5756 South Garland Way to contact and interview Erin Ireland, who is a student at Columbine High School. This interview was in reference to the shooting that occurred at Columbine High School on 4-20-99

Erin Ireland advised me that on 4-20-99 she attended her classes at Columbine High School, however, she said she could not remember if she went to her first hour class on that date. Her first hour class would have been a french class with a teacher by

the name of Nolene Regnier. Erin said this class is located on the lower level of Columbine High School. Erin said she did attend her second hour class, which was a language arts class with Mrs. Hoffman, and Erin said she had her third hour off. She said when she got out of her language arts class on 4-20-99, at approximately 0920 hours, she went to the main office of Columbine High School on the east side of the school. Erin said she went into the office to get a parking permit for the high school. She said when she finished her business in the office, it was approximately 0950 hours. She said she walked down the main hallway and then went down the stairway to the second level or the lower level of the school and into the cafeteria. Erin said once she got down to the bottom of the stairway she selected a table that was near the bottom of the stairs. I showed Erin the diagram of the Columbine High School cafeteria and she advised me that she selected table #V on this diagram. Erin said that she was with the following students in the cafeteria: Matt Lohrentz, Pat Simington, and possibly Jeff Scott, however, she was not sure. Erin said when she was at this table she was facing in an easterly direction towards the stairway. Erin said that while seated at this table, she talked with her friends until it was time for her to go to her science class with Mr. Friesen. Erin said this class started at 10:20, and is located on the upper level of Columbine High School. Erin said she remained in this science class until approximately 11:10 on 4-20-99, and said after leaving the science class, she walked back down the stairway to the lower level of Columbine High School and waited for some friends at the bottom of the stairway. Erin said the friends she waited for were Justin Flansberg and Matt Varney. Erin said that when Justin and Matt arrived to her location they walked out of the school through the doors that are south of the cafeteria and south of the "Rebel Corner." Erin said that once exiting the school they got into Justin Flansberg's vehicle, and she said they left the parking lot and went to Southwest Plaza for lunch. Erin said that during their exit of the high school, and upon exiting the parking lot in the vehicle, she did not see any suspicious subjects, nor did she see any suspicious items. Erin said that at approximately 1145 to 1200 hours on 4-20-99 they tried to return to Columbine High School for their afternoon classes, however, were unable to do so due to the police presence in the area of the high school. Erin said they then went to Justin Flansberg's house, which is near Dakota Ridge High School, and said she called her mother, Carrie Ireland, from that location. Carrie advised that she received the call from Erin at 1320 hours on 4-20-99

JC-001-006656

I showed Erin Ireland the photographs of the duffle bag and propane tank that were later recovered in the Columbine High School cafeteria. Erin said that on her two trips to the cafeteria she did not see either item. Erin also advised me she did not see any "Trench Coat Mafia" students in the cafeteria while she was in there on 4-20-99, and she confirmed that when they are in the cafeteria they either hang-out underneath the stairway or they sit at a table on the west side of the cafeteria and play cards. said she did not recall seeing any "Trench Coat Mafia" students at either one of those locations on 4-20-99. Erin further advised that when she exited the school she did not see any "Trench Coat Mafia" students on the outside of the cafeteria or in the parking lot either.

I asked Erin Ireland what she knew about the "Trench Coat Mafia" and she advised she did not have much information about them, but she did know that the students involved with the "Trench Coat Mafia" would wear black clothing and some of them would wear trench coats. I asked Erin what she knew about Dylan Klebold and/or Eric Harris, and she said she knew nothing about either one of them and said she did not know who they were prior to the incident on 4-20-99. Erin said that she knew who Robert Perry, Robyn Anderson, and Chris Morris were. Erin said that she knew Robert Perry from a class and said that he was very tall, would wear black clothing, and a black trench coat. Erin said that Robyn Anderson was in her freshman painting class and said Chris Morris was also in the same class. Erin said that she recalled Robyn as "seemed nice" and also said she "dressed normal." She said that two years ago was when she met Chris Morris and Erin said that he always wore a black beret, and said he wore glasses, describing the lenses in them as being round shaped. Erin said that she knew David Carmen, who may possibly be a "Trench Coat Mafia" associate, however, she did not believe he was. She described David as being overweight with long hair, and said she recalls he wore a razor blade around his neck on a necklace. She said she did not recall him wearing a trench coat, but did recall that he would wear black "Marilyn Manson" T-shirts. Erin said that while she was in junior high school, she was friends with Tad Boles. Erin said that Tad always wore black, however, he didn't start wearing a trench coat until approximately 1999. I asked Erin if she recalled what any of their conversations were about, and she said she could recall Tad talking about self mutilating himself. She said when he started hanging around with the "Trench Coat Mafia" students she did not stay in contact with him and they are no longer friends. The only other piece of information she could advise me about Tad was that she recalled he had a bad temper.

JC-001-006657

Erin Ireland said that she did not have any further information about the "Trench Coat Mafia," other than that she recalled two of the members drove BMW vehicles. She said one was black and one was gray. Erin advised that the gray one was driven by a white male with long red hair. She said that's all she knew about this person. Erin said that she did not recall who drove the black BMW, but said he had "Rammeinstein" stickers on it. Erin said this is the name of a German band. She said these vehicles also had Anarchy symbols on them.

Both Carrie Ireland and Erin Ireland advised me that they were both having troubles after the incident on 4-20-99 coping with the incident that occurred. They said up to this point they have not looked into going to any counseling or therapy. I gave both of them one of my business cards and asked them to call me in the future if they wanted to talk with a JCSO Victim Advocate. I told them I would make the necessary arrangements for them at that time. Erin Ireland also said that if she remembered any further information about the incident and/or the "Trench Coat Mafia" or its students, she would call me with that information in the future.

On 05-26-99, at about 0940 hours, I contacted Laura Iverson at the phone number listed on her school emergency card, 971-0409

I asked Iverson to tell me about her day on 04-20-99. She stated she had not been at the school when it was "happening." Iverson stated her school schedule was as follows:

- Zero Period - Bowling

I asked Iverson if on 04-20-99, she had seen either Dylan Klebold or Eric Harris at her bowling class. She stated she didn't recall. She stated she and another friend were about ten minutes late, and as a result were not able to bowl, but ended up only being able to sit inside the bowling alley. She said she did not specifically remember seeing either Harris or Klebold, but had not been looking for them. I asked Iverson about seeing either Harris or Klebold's cars. Again she stated she had not seen them, but had not been looking for them either.

Lindsay Jackson
6448 S. Harlan Way
Littleton, CO
303-798-5339

On 05-14-99, Jackson was interviewed at her residence with her mother in attendance. She noted being a junior at C.H.S., and confirmed being in attendance at school on 04-20-99. She acknowledged being assigned to "A" lunch, but explained she was not at lunch on 04-20-99, as she and Elizabeth Schiefer had left school grounds after 4th hour, and had driven to the King Soopers at Pierce and Coal Mine to pick up their prom pictures which had been there for development. Prior to leaving school, however, they had walked into the cafeteria commons area and had visited a short time with friends. They had exited the south door from the cafeteria into the parking lot where her vehicle had been located. She observed no suspicious activity in this area, nor did she recall anyone carrying any large items into the cafeteria.

When they returned to school, they discovered Pierce Street to be closed by police officers. She had driven a block way to Leawood Park, and upon arrival at that location, had been told that a shooting had occurred at the school. She remained with students at that location.

She noted that soon after the incident, she had talked with another student at the school, Emily Paletta, who advised having been told by Alex Marsh, that she had discontinued her association with the TCM "2-3 months ago", following them being involved in some activities she did not approve of.

Jackson also advised that during recent class sessions at Chatfield High School, she had occasion to be in a class with Alex Marsh, at which time she tried to defend the actions of Harris and Klebold.

Jackson utilizes the internet, and provided her e mail address as Aj3lindsay@aol.com.

INVESTIGATION

On Friday, 7-2-99, at approximately 1010 hours, witness Johnson returned my phone call to my office. I asked him to provide me with any information relevant to the incident which occurred on 4-20-99

Johnson advised he was with fellow teacher Rick Bath and had gone to the 7-11 at Platte Canyon and Depew to buy a lottery ticket. He said shortly after that time, around noon or a few minutes after, he had returned to the area of Columbine H.S. but could not get into the area because police and fire vehicles were not allowing access. He said he had contacted a student known to him as Brooks Brown on one of the side streets, adjacent to the school, and where at that time Brooks had motioned them over to him. When inquiring as to what was going on Brooks said that he had seen Eric Harris in the parking lot and he was carrying a duffel bag, and he (Eric) had made a statement to Brooks something to the effect of "Get out of here I like you." Johnson indicated Brooks seemed visibly upset and shaken, but said Brooks did not provide any more information to them at that time. Johnson stated, not knowing really what was happening he and Rick Bath drove to the area of Clement Park and had parked the vehicle and stayed in the Clement Park area just observing police activity. Johnson said he did not see anything unusual, specifically persons with guns, any explosions, any unusual noises, or smoke coming from the area of the school. He stated he just basically milled around the park area with Rick Bath, and a former teacher, Chuck Herring. He stated shortly after 1700 hours he had taken Chuck Herring home and also transported Rick Bath to his wife's work location so he could be taken home, because both Chuck Herring and Rick Bath's vehicles were in the teacher's parking lot and could not be released during that time. Witness Johnson did not provide any other information other than he had both Eric Harris and Dylan Klebold in his 5th hour psychology class, and did not have any clue that they would do this or were capable of doing this, meaning the activity that took place in the school. Witness Johnson could provide no further information.

Dear Captain Harris,

As an introduction, I teach psychology at Columbine High School. Both Eric Harris and Dylan Klebold were enrolled in my 5th hour psychology class this semester.

I attended a meeting this morning where the staff was asked to provide a list of students connected, in some fashion, to Harris and Klebold. This is what I have:

Computer/Video Production: (current students at CHS unless noted)

Gary Talacka - Video instructor
Zach Heckler
Nate Dykeman
Tim Kastle
Joel McCormick
Ryan Selchert
Jeff Hulse
John Ladd
Mollie Weksler
Holly Turner
James Davis
Eric Andreano
Yoshi Carroll
Andy Robinson
Brooks Brown
Richard Long - Chairman, Technology Department
Peggy Dodd - Aide, Tech Lab
Chris Tabaldo - current drop-out and a hacker

JC-001-006689

Black coat group:

Robert Perry, a transfer from Golden High School and currently not attending CHS, is around CHS a great deal of the day. He is in the same mode, as Harris and Klebold. The word that I get from the kids is that his father is a collector and has an arsenal.

5th hour psychology:

A class list will follow under a separate fax. Note the names, Harris, Klebold, Dykeman and Kastle. Also from this list, please note Kristi Epling. She is very smart and knows something about what went down. I found her upset, yesterday in Clement Park, and she intimated that she knew that it might be going down.

Brooks Brown: As I reported to a Lakewood Police-person at the scene, Brooks Brown flagged me down. My passenger was Rick Bath, teacher at CHS. Brooks said that he had seen Eric coming into Columbine carrying a strange duffel bag. Brooks was told to leave the scene to avoid being injured, as he related. I personally believe that he knows much more.

If you contact any of the above, as a courtesy, I am requesting that you leave my name out of your contact. The students will stop trusting me and I will be unable to provide you with additional information.

If you have additional questions, then, please contact me at (303) 982-4447.

Thank you

Sincerely,

Thomas E. Johnson

 Columbine High School / 12th grade
 5th Period: Photography class

INVESTIGATION:

On 06-09-99, at about 2:20 p.m., I conducted a telephone interview with CHS student Christopher Jones as follow up on DN3911.

Christopher told me that on 04-20-99, he left Columbine High School following his second period class which ended at about 9:10 a.m. Christopher said that he had two free periods following his second period, and that he drove home as part of his normal routine. Christopher said that he routinely drove back to school for his fifth period class, which started at 11:15 a.m., and had done so that day but was running late. Christopher said that by the time he arrived back at the school at about 11:35 a.m., most of the streets had been blocked off. Christopher said that he parked his car in the neighborhood south of the school, and remained in that area to await word from his brother, also a CHS student. Christopher said that his brother paged him shortly thereafter from home. Christopher said that he never heard any gunshots or explosions, nor did he see any shooter(s). The interview concluded at about 9:14 a.m.

OBSERVATION/INVESTIGATION:

On 060199 I left a message at the Jones residence by phone, requesting that Landon call me back in reference to his whereabouts during his 5th hour on the day of the shooting. I received a phone call back from Mary Lee, Landon's attorney in another matter. At that time Mary stated that she wanted to ask the questions of Landon, rather than me interview him. I told Mary what I needed and she called Landon. Mary again returned my call and told me that Landon had left school at 11:10 AM and had gone to the Burger King at Ottawa and Pierce for lunch, and never got back to the school due to the roadblock. Mary went on to say that Landon saw and heard nothing.
